I. Background

A. Area Profile

Lake County lies within the coastal range of mountains approximately 100 miles north of San Francisco and 35 miles east of the Pacific Ocean. It is bounded by Mendocino County on the west, Sonoma and Napa Counties to the south, and Yolo, Colusa and Glenn Counties on the east. State Highway 20 connects the area with both U.S. 101 and Interstate 5. The County's most prominent geographical feature is Clear Lake, which covers approximately five percent of the County's land area. Portions of Lake County include public lands managed by the Department of Forestry, Bureau of Land Management, State Parks Department and other agencies. The largest income producing industries are agriculture, tourism, and geothermal development located in the mountainous terrain in the southwestern portion of the county.

The California Department of Finance estimated Lake County's population at 65,081 as of January 1, 2018. This includes a population of 44,030 within the unincorporated area of the County, 5,134 within the City of Lakeport, and 15,917 within the City of Clearlake. The population increases during the summer months with the influx of tourists as well as seasonal residents and employees. It is estimated that 20 to 25 percent of the existing houses in the County are second/vacation homes and are occupied for only part of the year. There are seven tribes in Lake County of which five have land and four have established casinos.

Lake County is characterized by very low median incomes (58.5% of California Median Household Income) and a percentage of seniors (21.5% over 65) approximately double the statewide average. Much of the southern County was devastated by wildfires in 2015, 2016 and again in 2017. Over 1,650 homes were destroyed, many which will not be re-built because homeowners were uninsured. The long-term effects on local businesses and local government revenues are just now being felt and are expected to continue for a number of years.

B. Organization and Management

Transportation planning in Lake County is the responsibility of the Lake Area Planning Council (APC), the designated Regional Transportation Planning Agency (RTPA). Established in 1972, the Lake APC operates under a Joint Powers Agreement between local jurisdictions within the region. A cooperative relationship between Caltrans and the APC was later formalized through a Memorandum of Understanding. Since 1986, Lake APC membership has consisted of eight (8) members, including two (2) members of the Lake County Board of Supervisors, two (2) City Council members from the City of Lakeport, two (2) City Council members from the City of Clearlake, and two (2) citizen members selected at large by the Board of Supervisors.

Three committees serve to advise the Lake APC. These are: the Policy Advisory Committee (PAC), composed of APC members together with the District 1 Director of Transportation, or his/her representative, from the Caltrans Office in Eureka; the Technical Advisory Committee (TAC), composed of the Director of Public Works of Lake County, the Planning Director of Lake County, the City Engineer for Lakeport, the City Planner for Lakeport, the City Engineer for Clearlake, the City Planner for Clearlake, the Commander of the Lake County Office of the Highway Patrol, and a transportation planner from the Caltrans District 1 Office; and the Social Services Transportation Advisory Council (SSTAC), which was established in 1987 to assist the Lake APC in identifying transit needs that may be reasonable to meet by providing new or specialized public transportation services, or by expanding existing services.

Most members of the TAC are involved in some fashion with the planning and development of transportation projects within their respective jurisdictions, including streets and roads, as well as bicycle and pedestrian facilities.

II. Project Description

A. Project

The project will update and/or develop existing traffic sign inventories located within the maintained street/road systems of the County of Lake, City of Lakeport and City of Clearlake. Features such as GPS coordinates, photos, sign retro-reflectivity, size, type, condition and other attributes as needed are to be included in the inventory.

B. Purpose

The objective is to develop a current inventory of traffic signs within the more than 750 miles of maintained street/road systems (including approximately 153 unpaved) of the County and two cities. Data collected for each sign will be entered into an existing sign database (or other database as recommended by the consultant) for each of the jurisdictions.

III. Scope of Work

- Sign mounting type
- Sign number (if applicable)
- Sign color
- Other attributes as needed

Task 2.2- Retro-reflectivity Assessment- A retro-reflectivity assessment shall be conducted for each MUTCD identified sign in the inventory. The assessment shall include at a minimum:

- Evaluation using the “Visual Nighttime Inspection” method in accordance with FHWA publication *Maintaining Traffic Sign Retroreflectivity (2007 Edition [Updated 2013])*.
- Using the Visual Nighttime Inspection method, a record of the retro-reflectivity level of each sign as either Acceptable or Unacceptable. The consultant shall also record the date of the nighttime retro-reflectivity assessment.
- The consultant shall identify all signs with retro-reflectivity below the minimum levels as shown in Table 2A-3 of the *California Manual on Uniform Traffic Control Devices (2014 Edition [Revision 3])*.

3. Sign Inventory Database Update/Development- The consultant shall enter collected data into the County or cities’ existing database, or shall recommend/develop another database acceptable to Lake APC.

Task 3.1- Collected data shall be added to existing databases maintained by the County of Lake and the City of Lakeport.

Task 3.2- Development of an Inventory System for the City of Clearlake- A new program for the City of Clearlake shall be created and used to input the collected data for the City using software recommended by the consultant and deemed acceptable by the City/Lake APC.

4. Sign Inventory Reports- Upon completion of the project, the consultant shall compile inventory data, assessments, database and/or other recommendations and conclusions on how the inventory will benefit the region and include the information in a final project report to be made available to each agency, as well as the Lake APC.

Waiver of an immaterial deviation shall in no way modify the Request for Proposals documents or excuse the respondent from full compliance with the contract requirements if the proposer is awarded the contract.

B. Proposal Evaluation

In certain cases, follow up interviews may be requested prior to selection, although Lake APC reserves the right to select a consultant based solely on written proposals. PROTEST PROCEDURES FOR PROCUREMENTS*

I. PROTESTS

The following procedures shall be used by RTPA to fairly and promptly respond to any protests received regarding third-party contracts or the contracting process. RTPA will consider all protests or objections regarding the contracting process or the award of an Agreement received by RTPA by 4 p.m. on the deadlines discussed below. RTPA will review only protests submitted by an actual or prospective Proposer. Protests by prospective subcontractors will be rejected. A protest by any adversely affected Proposer must be made in writing and must be mailed or hand delivered to RTPA. A protest which does not strictly comply with the RTPA protest procedures will be rejected.

A. Protests Before Bid/Proposal Opening

Protests relating to the content of the solicitation (i.e., RFP, IFB, RFQ), including protests related to DBE/UDBE requirements, must be filed within five (5) business days after the date the solicitation or addendum with the revised content is released to the public by RTPA. Failure to file a protest concerning the content of the solicitation or addendum prior to this deadline constitutes a waiver of any protest on these grounds.

B. Protests Related to Determination of Responsiveness

In the event the RFP contains a DBE/UDBE goal and RTPA makes a determination that Proposer has not met the goal or good faith effort requirements set forth in this RFP, RTPA will send the Proposer a Notice of Non-Responsiveness. Protests relating to any Notice of Non-Responsiveness must be filed within five (5) business days after the date of such notice. Failure to file a protest concerning the non-responsiveness determination prior to this deadline constitutes a waiver of any protest on these grounds and RTPA shall not be obligated to send Proposer any further notices.

C. Protests After Bid/Proposal Due Date

After Proposers are shortlisted and/or selected for negotiations, notices will be sent to all relevant Proposers. Protests relating to failure to make the shortlist must be filed within five (5) business days following protester's receipt of a notice regarding the shortlisting. Protests relating to the intent to make an award must be filed within five (5) business days following protester's receipt of the notice regarding the intent to negotiate. The date of filing shall be the date RTPA receives the protest. Untimely protests will be rejected. If deemed necessary, RTPA shall notify all Proposers of record that a protest has been filed and the award has been postponed until further notice. If necessary, Proposers will be asked to extend the time for acceptance of their proposal in order to avoid the need for readvertisement of the solicitation.

D. Protest Contents

A letter of protest must set forth detailed grounds for the protest and be fully supported with technical data, documentary evidence, names of witnesses, and other pertinent information related to the subject being protested. The protest also must state the law, rule, regulation, or policy upon which the protest is based. Protests concerning the relative weight of the evaluation criteria or the formula used in assigning points to make an award determination will be rejected. The protester must allege or establish a clear violation of a specific law, rule, regulation, or policy. If the protester considers that the protest contains proprietary material that should be withheld, a statement advising of this fact must be affixed to the front page of the protest document, and alleged proprietary information shall be so identified wherever it appears. Protests shall be mailed to:

The Protest Administrator

Reference: RTPA Contract Solicitation No. Solicitation #

E. Role Of The Protest Administrator

If a protest raises solely a question of law, the Executive Director shall retain the services of RTPA legal Counsel to serve as the Protest Committee. RTPA Legal Counsel will prepare a recommendation regarding the protest, in writing, to the RTPA Executive Director within ten (10) business days.

The Protest Administrator shall review each protest to determine if it is in compliance with the deadline, format, content, and notice requirements set forth in this Section. If a protest does not meet such requirements it may be rejected without further consideration. A written notice of such rejection shall be sent to the protester.

If the protest requires resolution of questions of fact, the Protest Administrator, his/her designee will appoint individuals to participate on a Protest Committee. The Protest Administrator will endeavor to appoint at least one of the Protest Committee members from an outside agency, and no one may sit on the Protest Committee that has a known and direct connection to the procurement that is the subject of the protest. The Protest Administrator also will appoint a chairperson for the Protest Committee. The Protest Administrator will gather the documents that the Protest Committee will need for its investigation and prepare a memo to the Protest Committee containing background information regarding the protest. Any communication regarding the protest between the protester and RTPA shall be through the Protest Administrator during the protest proceedings. Protesters may not contact anyone at RTPA other than the Protest Administrator. Protest Committee

The Protest Committee shall ensure the protest was received within the timeline specified and review the protest to determine if it itemizes in appropriate detail each matter contested as well as any factual reason(s) for the requested protest. The Committee chairperson shall schedule the date of the Protest Committee meeting, contact the Committee panel members, and distribute all protest documentation.

F. Reply To Protest

The Protest Committee will review all qualifying protests in a timely manner and may hold an informal hearing if deemed necessary in order to complete its investigation. The Protest Committee will prepare a recommendation regarding the protest, in writing, to RTPA's Executive Director within ten (10) business days of the date of receipt of the protest. All materials included with the

original protest at time of submittal will be considered. Supplemental materials filed by a protester after the protest deadline will not be considered unless there are extenuating circumstances in the opinion of the Protest Committee. Protest documents will not be withheld from any interested party outside of RTPA, with the exception that information will be withheld when required by law or regulation. The Executive Director or his/her designee will either sustain or reject the protest in writing based upon the recommendation of the Protest Committee and the best interests of RTPA. This decision will be communicated in writing to the protestor and/or the party whose proposal is the subject of the protest and delivered by email or overnight delivery.

G. Results Of The Protest

If the protest relating to a contract award is sustained, the original Notice of Intent to Award may be withdrawn after the deadline for protest reconsideration has passed. RTPA then may issue a new Notice of Intent to Award to a different bidder/Proposer and a new protest period will commence using the same timelines discussed above. If the protest is rejected, the original Notice of Intent to Award will stand and RTPA will continue with contract negotiations with the awardee.

H. Federal Transit Administration Requirements Not Applicable in the absence of FTA Funding

1. FTA Review of Protests

- a. In the case of contracts funded by the FTA, the FTA will review only protests regarding the alleged failure of RTPA to have written protest procedures or alleged failure to follow such procedures.
- b. Alleged violations on other grounds are under the jurisdiction of the appropriate state or local administrative or judicial authorities. Alleged violations of a specific federal requirement that provides an applicable complaint procedure shall be submitted and processed in accordance with that federal regulation. See Buy America Requirements, 49 C.F.R. 661.15; Participation by Minority Business Enterprise in DOT Programs, 49 C.F.R. 26.
- c. The FTA will review only protests submitted by an interested party defined as an actual or prospective bidder or Proposer whose direct economic interest would be affected by the award of the contract or by failure to award the contract in accordance with FTA Circular 4220.1F. A subcontractor does not qualify as an “interested party.” (See FTA Circular 4220.1E, Chapter VII, Section I (1)(c)).”

2. Time for Filing

- a. Protesters shall file a protest with the FTA not later than five (5) business days after a final decision is rendered under the RTPA protest procedure. A copy of any protest documents filed with the FTA must be provided concurrently to RTPA. In instances where the protester alleges that RTPA failed to make a final determination on the protest, protesters shall file a protest with the FTA not later than five (5) business days after the protester knew or should have known of the failure of RTPA to render a final determination on the protest.
- b. RTPA shall not award a contract for five (5) business days following its decision on a bid protest except in accordance with the provisions and limitations of subparagraph 6.

After five (5) business days, RTPA shall confirm with the FTA that the FTA has not received a protest on the contract in question.

3. Submission of Protest to the FTA

- a. The protester must exhaust its administrative remedies by pursuing the recipient's protest procedures to completion before appealing the recipient's decision to the FTA. (FTA Circular 4220.1F, Page VII-3, November 1, 2008).
- b. Protests should be filed with the FTA Region 9 office and a copy must be sent to RTPA by the protester.
- c. The protest filed with the FTA shall:
 - Include name and address of protester
 - Identify RTPA as the grantee, the RTPA Contract Administrator, and number of the contract solicitation
 - Contain a statement of the grounds for protest and any supporting documentation. This should detail the alleged failure to follow protest procedures or the alleged failure to have procedures and be fully supported to the extent possible
 - Include a copy of the local protest filed with RTPA and a copy of the RTPA decision, if any

4. RTPA Response

- a. The FTA shall notify RTPA in a timely manner of receipt of a protest.
- b. RTPA shall submit the following information not later than ten (10) business days after receipt of notification by the FTA of the protest:
 - a copy of RTPA's protest procedure
 - a description of the process followed concerning the protester's protest
 - any supporting documentation
- c. RTPA shall provide protester with a copy of the above submission.

5. Protester Comments

The protester must submit any comments on the RTPA submission not later than ten (10) business days after the protester's receipt of the RTPA submission.

6. *Withholding of Award*

When a protest has been timely filed with RTPA before award, RTPA shall not make an award prior to five (5) business days after the resolution of the protest, or if a protest has been filed with the FTA, during the pendency of that protest, unless RTPA determines that:

- a. The items to be procured are urgently required;
- b. Delivery or performance will be unduly delayed by failure to make the award promptly; or
- c. Failure to make prompt award will otherwise cause undue harm to RTPA or the federal government.

The FTA reserves the right not to participate in the funding of any contract awarded during the pendency of a protest.

7. FTA Action

Upon receipt of the submissions, the FTA will either request further information or a conference among the parties, or will render a decision on the protest.
